

Fixed Wireless Call Point

Requires no electrical wiring and can be installed in minutes.

Fixed Wireless Call Point

Our **Fixed Wireless Call Point** is an auxiliary device useful in common danger areas where there is a higher risk of slips and falls, such as bathrooms, en suites, and bedrooms.

They require no electrical wiring and can be installed in minutes. These call points can be mounted anywhere in the home for added assurance, and can even be fixed to outdoor patios, etc.

The simple press of a button sends an alarm to our Emergency Response Centre.

Features

- Low battery life
- Low battery detection
- Palm-sized and slick design
- Compact with a big RED button for easy recognition
