

Oricom Amplified DECT Cordless Phone

ECO85

Suitable for use with our L-series Diallers, or as an addition to the HP3 phone.

If you're searching for a cordless phone that's suitable for use with our L-series Diallers, or even as an addition to the HP3 phone, we recommend the Oricom ECO85. DECT (Digital Enhanced Cordless Telecommunications) is the most widely used worldwide digital cordless technology, offering amazingly clear sound, long range and maximum voice security. DECT operates on the 1.8GHz frequency which eliminates potential interference from other common wireless devices such as wireless networks (Wi-Fi), Bluetooth and cordless computer devices.

Available in a single pack (eco85-1) and twin pack (eco85-2).
